Learn from Dr. Angie Moe
Director of WMU's Therapy Dog Clinic

Angie has worked with therapy dogs since 2016, logging thousands of hours with her pack. She is currently training her fourth therapy dog, and is an evaluator for the Alliance of Therapy Dogs as well as the Association of Animal Assisted Intervention Professionals (AAAIP). She is also State Coordinator for HOPE Animal-Assisted Crisis Response and is active in research to document the healing power of four paws!

A unique opportunity to learn within a healthcare facility & practice in real settings!
