Who We Are

Established in 2022, Friends of Kalamazoo Historic Cemeteries is dedicated to being a collaborative partner with the City of Kalamazoo to preserve, restore and conserve the city's historic cemeteries, creating educational opportunities to inform the public about the rich history of our community.

The preservation and restoration efforts follow the best practices as outlined by the National Park Service and as elaborated in the *Michigan Historic Cemeteries Preservation Guide* and are implemented through trained community volunteers. Board members and this 100% volunteer organization have successfully repaired over 1000 gravesites preserving the beauty of the natural habitat in the Mountain Home Cemetery established in 1849 and the Riverside Cemetery established in 1866.
