Western Michigan University Aviation Curriculum Guide

Aviation curriculum requirements:

- The aviation program has 3 different majors:
 - Flight Science (pilot training)
 - Technical Operations
 - Management and Operations (management and technical support)
- ❖ The Flight Science major has several requirements for access to flight courses:
 - A Chief Flight Instructor-approved application for each ground school and flight lab
 - An FAA 2nd class medical (1st class is recommended)
 - Enrollment in flight theory courses is subject to a minimum grade point average of 3.0 for community college students and transfers from other 4-year colleges and/or universities and placement of Math 1110 or higher at WMU
 - Availability of aircraft and instructors

The following courses are required of all 3 majors and may be taken at HFC:

| WMII courses | HEC COURSES |
|--------------|-------------|

^{*}Please see the <u>WMU Essential Studies (WES) program guide</u>

COM 1700 SPC 145 STAT 2160 MATH 141 MATH 2000 MATH 180

IEE 1020 ENG 131 or 131H or 132 or 132H or 135

Required for Flight Science majors only:

ECON 2010 BEC 152
PHYS 1070 PHYS 133
PSY 1000 PSY 131

Required for Management and Operations majors only:

ACTY 2100 BAC 131
ACTY 2110 BAC 132
BUS 1750 BBA 131
ECON 2010 BEC 152

ECON 2020 BEC 151
MKTG 2500 BBA 252
PSY 1000 PSY 131

Required for Technical Operations majors only:

BUS 1750 BBA 131 PHYS 1070 1080 PHYS 133

Important notes:

- ❖ Satisfactory completion of all CFR Part 147 requirements in the Aviation Technical Operations major prepares students to take the Federal Aviation Administration (FAA) Airframe and Powerplant written and practical exams.
- Beginning with Fall 2026 admission to the Flight Science major, students are required to have an FAA First or Second Class Medical Certification at the time of application.
- ❖ All Flight Science students are required to subject themselves to the college-approved drug testing procedure before being allowed to participate in any flight activity in University aircraft.
- Graduates of the Flight Science major earn their FAA Commercial Pilot Certificate with Instrument and Multi-engine Land ratings.
- ❖ For information on airplanes, hangars, engines, and other technical items, please visit the WMU Aviation website: https://wmich.edu/aviation.
- ❖ For program information, please contact the advising office indicated below.
