

Western Michigan University
Mathematics Club & Pi Mu Epsilon

Movie Night!
Stand and Deliver

4:00 PM to ~5:45 PM, Friday (11/7)
@ Alavi Commons (Everett 6625)

This week, the Math Club is hosting a movie night! We will be watching *Stand and Deliver* (1988), based on the life of high school educator Jaime Escalante (played by Edward James Olmos). The film follows the inspiring story of Mr. Escalante's students from majority-Latino East Los Angeles as they endeavor to learn all of math up to calculus in order to defy the odds and pass the AP exam.

All are welcome to watch with us! Snacks, refreshments, and pizza will be provided. The runtime of the film is 1 hour and 42 minutes.

For more information regarding this event or anything Math Club or Pi Mu Epsilon related, please contact:
