Reports of Officers

President Naugle charged Undergraduate Studies Council for 2025-26.

Discussion was held regarding the following:

- Charge 3: "Create and Ad Hoc Committee charged with updating WMU's definitions of experiential learning and experience driven learning if necessary."
 - It was clarified that USC's responsibility is to gather information, not necessarily make a determination or Memorandum of Action, but rather to make a recommendation prior to the end of this academic year.
 - This charge was created in response to the Artificial Intelligence ad hoc committee's work.
- Charge 4: "Review and consider reducing credit hours to graduation from 122 to 120."
 - In response to the Western Student Association reporting that other Michigan institutions have lower minimum credit requirements.
 - WMU calculated 122 from a historical physical education requirement.
 - No program requirements would need to be changed to allow for this adjustment.
 - The USC decided to make this change to the minimum credit hour requirement toward graduation.

A motion was made by Wagner, seconded by Rudge, to add a charge to review GPA requirements stated in MOA-18/05: Creation of Undergraduate GPA Revision Policy. The motion carried unanimously.

Santo left the meeting at 3:26 p.m.

Naugle left the meeting at 3:28 p.m.

Karowe self-nominated for the USC Vice Chair and it was affirmed by acclamation.

Chair Wagner's report included study abroad credit transfers; Transfer of Credit Committee and Service-Learning Course Approval Committees; continued work defining and tracking experiential learning, experience driven learning, and service learning.

Discussion was held regarding the following:

- Study abroad credits can be taken as Credit/No Credit, but those credits cannot be counted towards a minor program. Wagner will work with Cumming and the Transfer of Credit Committee to draft a new MOA on this topic.
- The Transfer of Credit Committee is established and active. They are awaiting office elections and charges provided by the USC to hold their first meeting of the academic year.
- The Service-Learning Course Approval Committee has not been active since COVID. Its duties are being fulfilled by Shawn Tenney, who is unable to act as chair of a Faculty Senate committee as a staff member.
- Wagner noted to add the reactivation or elimination of the Service-Learning Course Approval Committee and further discuss of the various learning definitions and the tracking of those activities at USC's next meeting.

Ex Officio Rudge reported continued discussion on the role and reporting of activities of the Transfer of Credit Committee and the Service-Learning Course Approval Committee. Rudge will confirm the process for USC's committee and subcommittee annual report submission.
