 Western win this game!

RECESSIONAL

Welcome from the President

Dear Graduates,

From the moment you began your journey as Broncos to the completion of your degrees today, Western Michigan University has been honored to walk beside you. Today, you are graduating armed with an experience-driven education and empowered for fulfilled lives as leaders prepared to take on the next challenge in your communities and professions.

As an alumnus, I still get chills thinking about walking across the Miller Auditorium stage. Crossing that stage is a family tradition. My parents are WMU alumni. My wife and her siblings; my aunts, uncles and cousins; and even my cousins' children have all attended this great University. My own children already know I hope they'll join me here when they are ready to begin their college education.

Western is a special place to me. This community helped make me who I am today, and the foundation I built here more than 20 years ago continues to shape and guide me.

I know I am not alone in that feeling. Each of you has been shaped by the people you've met and the experiences you've had here. Your professors challenged you. Mentors encouraged you. You found friendships that you will always cherish. The Western community has left an imprint on who you are becoming, and we will continue to walk with you on your next journey.

As you sit in your seats, ready to join the storied ranks of Bronco alumni, I encourage you to pause and reflect on the moments that strengthened you, challenged you and prepared you for your next endeavor.

We know you are ready. Your time at Western and the degree you have earned will serve you well throughout your career. We're certain of this because 9 of 10 graduates tell us the Experience-Driven Learning we provide prepared them for their profession.

Thank you for being an integral part of Bronco Nation and for contributing to the life-changing education and research that happen at WMU.

Congratulations to all our graduates! We are proud of you and look forward to seeing the incredible impact you will make.

Sincerely,

A handwritten signature in black ink that reads "Russell A. Kavalhuna". The signature is written in a cursive, flowing style.

Russ Kavalhuna
President

Welcome to YOUR Alumni Association!

To our newest alumni,

Welcome to the WMU Alumni Association! You've officially become part of a community of hundreds of thousands of Broncos who call Western Michigan University their alma mater.

Way to go!

Now that you've moved the tassel, know that all of us here at the WMU Alumni Association are cheering you on and excited to commemorate your next chapter. With fellow alumni in every state of the nation and in more than 100 countries around the world, your connection to WMU is sure to remain vibrant and strong.

In the days and years ahead, there are many things you can do to show and grow your Bronco pride—from giving back through our day of service to tailgating with us at homecoming or another sporting event.

On behalf of the WMU Alumni Association and University Advancement, bravo and congratulations!

A handwritten signature in black ink that reads "Lauren Baker".

Lauren Baker, B.S.'09

President, WMU Alumni Association Board

The University

Founded in 1903, Western Michigan University is a leading, high-research doctoral institution dedicated to its core principle, "So that all may learn."

At Western, we celebrate the passions that drive students and the possibilities that inspire them. For us, a degree is a pursuit of purpose where students are empowered to learn and where an experience-driven education leads to a meaningful career. In fact, 9 of 10 graduates are employed quickly, working in their field in jobs they like.* In 2025, Time magazine ranked Western among the nation's top 125 colleges—and among the top four in Michigan—for developing future leaders.

To help achieve those outcomes, the University offers its more than 17,000 students from across the state, nation and 95 other countries a diverse range of majors and nationally ranked programs. In total, Western has 293 academic programs, including 141 graduate offerings, 40 of which lead to a doctoral degree. Including for its doctorate production, Western is one of only 139 institutions nationally classified for high research spending. Students build the intellectual skills employers value in the classroom and gain career-ready competencies through internships and other Experience-Driven Learning opportunities with businesses and organizations across the state and nation.

Western is dedicated to providing an educational environment that helps students thrive academically, socially, emotionally and physically. This

commitment to holistic student success is reflected in the many developments that have enriched the academic journeys of this year's graduates. In July, Western entered a new chapter when Russ Kavalhuna began his tenure as the University's 10th president. A proud WMU alumnus with a multifaceted professional background, President Kavalhuna has charted a career defined by advocacy, accountability and transformative leadership. He believes deeply in Western's mission and works every day to elevate the University's impact and purpose.

That shared commitment to purpose, access and opportunity at Western is evident in one of the most transformative developments in the University's history: the Empowering Futures Gift. Visionary WMU graduates made history by contributing \$550 million to the WMU Foundation, the largest gift to a public institution of higher education in U.S. history. The Gift supports scholarships, advances medical education and research, strengthens faculty expertise, enhances athletic competitiveness and fuels student-centered initiatives such as the Bronco Promise and the Broncos Lead Internship Program.

The campus environment is another way Western supports student success. At the start of the 2023-24 academic year, a vibrant new student center and dining facility opened at the

heart of Main Campus. With its innovative design and diverse amenities, the WMU Student Center fosters inclusivity and connection, serving as a central hub for belonging.

The fully renovated Dunbar Hall opened in February 2024. Reimagined from the ground up, it features state-of-the-art classrooms, integrated technology and dynamic student workspaces that promote active learning and innovation. Other significant campus developments include the Aviation Education Center, which opened in summer 2021 and doubled enrollment capacity for the program, and Arcadia Flats, which welcomed its first residents in January 2021.

Another milestone in recent years was the renaming of University College to honor the legacy of Dr. Merze Tate, the inspirational alumna who in 1927 became Western's first Black woman graduate. Dr. Tate embodied the University's mission, "So that all may learn," through a life dedicated to teaching, writing, journalism and advising world leaders. Merze Tate College now serves as the academic home for exploratory majors and several student support units.

Together, these investments reflect Western's commitment to creating an environment where today's graduates—and those who follow—can learn, lead and make an impact.

*WMU collected data for 2,859 graduates, of which 2,059 were employed full time, 93 were employed part time, 535 employed their degree to gain admittance to graduate school or were otherwise continuing their education, 8 were engaged in military service and 1 was volunteering full time. In addition, 700 of those working full time were satisfied with their job, based on 758 responses, and 1,391 of those working full time had a job related to their degree, based on 1,460 responses. 2023-24 Career Outcomes Report, wmich.edu/about/facts.

The University Seal

In 1957, the year Western Michigan University became a university, art professor John Kemper made a sketch on the back of his faculty identification card that would eventually be adopted as the official seal of WMU.

The circular design by Kemper has remained the University's official mark for more than 60 years. It has four components:

- **Five stars** that symbolize the main academic units in place when WMU gained university status: the schools of Applied Arts and Sciences; Business; Education; Liberal Arts and Sciences; and Graduate Studies.
- **A tree**, which signifies the University's continuing growth. Its roots acknowledge the institution's firm planting through its creation by the Michigan Legislature in 1903.
- **A stone arch** that symbolizes a gateway to knowledge as well as solid growth, while the missing keystone indicates the University's growth is incomplete, with much more remaining to be accomplished and discovered.
- **A pyramid**, which stands for the building of knowledge and features a flame at its apex to signify enlightenment—WMU's true purpose.

Prior to the current design, four different seals represented the University under its various names. The first two emblems were circular and modeled on components of Michigan's state seal. The two subsequent seals were rectangular and featured depictions of campus buildings.

Alumni Spirit Cords
The University would like to thank those wearing the *brown, gold and copper* cords for making their first gift to WMU upon graduation and for supporting the students who will follow in their footsteps.

Academic Regalia

The use of academic dress stems from costumes worn in universities in the 14th and 15th centuries, particularly at Cambridge and Oxford in England. Since colonial times, it has been worn in the United States and was standardized by an Intercollegiate Code in 1895.

The major distinguishing characteristics of the gowns are the sleeves, styled in the following fashions: bachelor, long pointed; master, oblong; and doctor and specialist, bell shaped. The doctor's gown has a velvet collar, facing and three bars on the sleeves. The specialist's gown differs from a doctor's in that it has no sleeve bars.

Masters, specialists and doctors wear hoods lined with the official colors of the university from which the degree is granted. They vary in size and shape to indicate the several degrees. The doctor's hood is the largest and most lavishly decorated. The color of the velvet that circles the opening of the hood shows the degree earned: silver for doctor of audiology; light blue for doctor of education; dark blue for doctor of philosophy; peacock blue for doctor of public administration.

Caps are mortar boards with the tassel worn over the left front quadrant. The tassel's color indicates the academic program area.

Phi Beta Kappa

As the nation's oldest and most prestigious undergraduate academic honors organization, Phi Beta Kappa was founded in 1776 at the College of William and Mary. Its mission is to foster and recognize excellence in the liberal arts and sciences. WMU is one of only 280 colleges and universities in America that have been deemed rigorous and intellectually challenging enough to be granted a Phi Beta Kappa chapter.
