

PROPOSAL: Create the Product Design Minor

Background

The Undergraduate Studies Council of the Faculty Senate has approved the creation of the Product Design Minor offered by the Department of Industrial and Entrepreneurial Engineering & Engineering Management in the College of Engineering and Applied Sciences.

This minor expands opportunities for students in engineering, business, marketing, or related fields to gain design literacy and collaborative experience. It strengthens interdisciplinary project work and helps students build portfolios demonstrating creative problem-solving, innovation, and design thinking — skills highly sought by employers.

Recommended Action

Create the Product Design Minor.
