

WESTERN MICHIGAN UNIVERSITY
2027 HYDROGEOLOGY FIELD COURSE

Application & Module Selection Form

Department of Geological and Environmental Sciences

Complete both pages and email this form with supporting documents to thomas.r.howe@wmich.edu. Applications open December 1, 2026; application review begins January 2027.

1 Applicant information

First name	
Last name	
Email address	
Cell phone	
Street address	
City / State / ZIP	
University / employer	
Date of birth	
Emergency contact name	
Emergency contact phone	
T-shirt size	

Please type or print clearly. Continue to page 2 to select your modules and sign.

2027 HFC APPLICATION | MODULE SELECTION

2 Select your 2027 modules

Check all modules you wish to attend. Each module earns one semester credit. Dates and order are subject to change.

SELECT	MODULE / COURSE	2027 DATES
☐	Week 1 GEOS 5230 — HAZWOPER	July 6–9
☐	Week 2 GEOS 5250 — Surface Geophysics	July 12–17
☐	Week 3 GEOS 5270 — Well Drilling and Installation	July 19–24
☐	Week 4 GEOS 5280 — Groundwater Sampling and Monitoring	July 26–31
☐	Week 5 GEOS 5260 — Aquifer Testing	August 2–7
☐	Week 6 GEOS 5240 — Remediation Design and Implementation	August 9–13

Credit requested: ☐ Undergraduate ☐ Graduate

3 Supporting documents

- ☐ Unofficial college transcript showing introductory hydrogeology coursework
- ☐ OR, for prerequisite equivalency: relevant experience documentation and two professional recommendation letters
- ☐ If applicable: prior 40-hour HAZWOPER training and most recent refresher documentation

4 Reservation deposit and acknowledgment

If accepted, I understand that a \$100 deposit per selected module is due within 10 business days of acceptance through WMU TouchNet. Deposits are applied toward course fees and are generally nonrefundable. Submission of this form does not guarantee acceptance or reserve a seat.
